Airlines Apply For Immediate Use Of Truckee Airfield

The governing board of the Truckee Tahoe Airport District is considering an application from the North Tahoe Airways for inaugurating a scheduled flight between San Francisco and Truckee on December 1 and a second application for a chartered flight from a southern California company for November 21.

Both applications are depending upon the ability to have the field in shape for the flights. This, according to directors Fred Schultz and Zeph Rose, will include the possibility of installing lights on the field.

The southern California company, Schultz said, is headed by John Tome, who with associates, has leased the equipment of the Blatz Airlines.

The North Tahoe Airlines, headed by John Prichard, hopes to make regularly scheduled flights at a rate of $12 from San Francisco on a daily basis, Schultz said. They are cooperating with the clubs at North Tahoe.

Rose said it is quite doubtful if the field can be readied but that the directors are considering the applications and will advise the airlines of their findings.

Interest Mounts As Issues Aired In Local Election

A prime issue in Tuesday's election for three members of the board of directors of the Tahoe Forest Hospital District has apparently centered upon the question—shall Dr. E. O. Hendrickson be permitted to practice in the institution?

Apparently believing that the election of three new members will provide him access to the hospital medical staff, Dr. Hendrickson is actively campaigning for any three of six new candidates, while the incumbent members of the board are countering with charges that any qualified doctor who "meets the standards set by the staff and medical organization" has not and will not be denied the privileges of the hospital.

John J. McGlade, administrator, said Dr. Hendrickson was removed from the medical staff only after a thorough investigation, made of his records, indicated he did not meet the high standards set for the hospital.

Dr. Hendrickson claims that the board gave him no valid reason for his discharge, a claim emphatically denied by McGlade and board members, who said that all facts pertinent to the case were aired thoroughly at the public hearings given the applicant.

Incumbent board members, Charles R. Heller, a member since the hospital district was formed; I. Firpo, another veteran member and Gordon Moyer are basing their candidacy upon a good administrative record, high standards, low operating costs, and one of the lowest tax rates for district hospitals in the state.

None of the other candidates have made statements, charges or promises, although Dr. Hendrickson has issued a statement urging the election of three of the six who are: Bradley J. Board of Soda Springs, Jack Ellis and Raymond Hintz of Truckee, Ivan Tofft of Donner Lake, Herbert Obexer of Homewood and Jack Neugebauer of Tahoe Vista.

Countering Dr. Hendrickson's claim that the hospital should be self-supporting and tax free, McGlade declared that for services rendered and high standards maintained, the current 11-cent tax rate is exceptionally low and that the hospital ranks among the best community institutions in the state from a standpoint of patient care and basic standards.

Regardless of the issues, all are urging a big vote Tuesday so that the desires of the voters may be learned for future guidance of the board.

RATE INCREASE WILL NOT AFFECT CALIF.

A request for an increase in rates for electric service by the Sierra Pacific Power Company will not effect customers in California.

This was announced this week by Frank Giovannoni, district manager for the Truckee, Tahoe district.

"The application for new rates was filed with the Nevada Public Service Commission and applies only to service in Nevada," Giovannoni declared. "Any change in California charges or rates would require an application to the California Public Utilities Commission and no such application has been filed."

Giovannoni added that the company is considering filing an application in California in the future.

ANCIENT MOTORLESS VEHICLE IS STOLEN

A car of rare vintage and without a motor was reported to the California Highway Patrol as stolen Sunday night by Will H. Jenkins of Kings Beach, father of Michael Jenkins, owner. The 1932 Ford Coupe, black with chrome trim and new tires was apparently towed or taken by truck from the family residence.

Michael, who is on crutches from injuries suffered in an accident three years ago is attending junior college at Palm Desert has been carefully rejuvenating the veteran vehicle and had not put the motor in place, before the theft.

Because of the age and type of car, Jenkins hopes that it may soon be restored to its owner.

Campaigning for flapjack on every griddle and a telephone in every kitchen is the clever Red Fox creation of Marge Easterly of Tahoe City Business Office. Truly a pedestrian stopper. These are two "voiceprints"—picture patterns, made by a special machine, of two different people saying the word, "you." It's a new idea that holds a lot of promise in the field of identification.

Bell Telephone Laboratories scientists have found that voiceprints, like fingerprints, are so distinctly individual that experts can recognize one from millions of others. Even if the speakers yell, whisper, try an accent or fill their mouths with marbles, the patterns remain essentially the same.

Seems like there's no end of ideas in communications research—from making a picture of your voice to sending pictures around the world by satellite.

"The Good Old Days."

When someone says that, he's usually referring to the good old prices—the free lunch, penny candy, nickel cigars, shave-and-a-haircut six bits. You might think you'd have to go a long way to find anything that costs *less* today than it did in the good old days.

Yet back in 1915 a coast-to-coast phone call cost over $20.00. Today the same call costs just $2.25. So why not enjoy long distance telephone visits more often? Now would be a good time to start.

HOSPITAL ELECTION — NOV. 20

On November 20, the Tahoe Forest Hospital District will at last hold an election for replacement of 3 Directors of the Hospital District. After 10 years of the present administration this hospital, with no competition, is still operating at a loss. By this time it should not only be paying its own way, but should be operating at a profit without tax support.

The medical staff privileges in this hospital are monopolized by the Truckee medical "Clique" who discourage the applications of new doctors to the staff who are not members of this group. This is done to prevent what they apparently consider to be competition but it actually deprives the hospital of additional revenue that could result from a larger medical staff.

With 3 "NEW" directors (3 out of 5) holding a majority vote the administration of this hospital could change for the betterment of this community, rather than for the benefit of the medical monopoly group.

One of the incumbents has been on the hospital board since the inception of the hospital, 10 years ago. The other two incumbents were originally appointed by the County Board of Supervisors and have served from 5 to 8 years. Other directors have been reappointed by the Board of Supervisors because no one ran against them. The same men have controlled this district too long and it is time for new representation. On Tuesday, November 20, the taxpayers will decide who will govern our public hospital.

Only your vote for 3 "NEW" directors can stop this political machine and improve this hospital administration.

For these 3 vacancies, six good candidates are seeking the office of director of the hospital district:

1. Jack Neugebauer ..... Kings Beach
2. Herbert Obexer ..... Tahoe City
3. Raymond Hintz ..... Gateway
4. Jack Ellis ..... Truckee
5. Bradley J. Board ..... Soda Springs
6. Ivan Tofft ..... Donner Lake

These candidates have pledged to govern the hospital for the best interest of the taxpayers of this district.

AN IMPORTANT MESSAGE TO VOTERS OF TAHOE FOREST HOSPITAL DISTRICT

The incumbent board of directors has worked hard to reach and maintain the highest possible standards for your hospital. In so doing they may have incurred the displeasure of those who seek to lower those set standards for purely personal gain. Applications of staff members are carefully screened to avoid unethical practices such as exhorbitant rates for services or lack of highest professional qualifications.

Your board has always attempted to operate the hospital at a minimum of expense and is proud of the record achieved—keeping the tax rate at 11 cents per $100 assessed valuation—one of the lowest rates for district hospitals in the state. Service charges, too, have been kept at the lowest possible figure consistent with the best patient care it is possible to provide.

To maintain these high standards, minimum taxes and low service charges, may we suggest that you retain the present board personnel by

VOTING TUESDAY, NOVEMBER 20

For Three Incumbent Members

CHARLES R. HELLER
I. FIRPO
GORDON MOYER

Some Facts To Consider:

1.—The hospital has grown from a $85,000 income institution in 1954 to a $300,000-income business in 1962.

2.—A competent staff, carefully selected to maintain rigid high standard. The governing board alone is responsible for the operation.

3.—Insistence upon best patient care and minimum charges.

4.—Long diligent service qualifies each board member to serve the best interest of the hospital and people of the communities.

5.—Hospital maintained at a low tax rate.

6.—The annual audit report is published to permit complete knowledge of financial transactions and records are open to the public at all times.

7.—Staff privileges are accorded every qualified doctor who meets the standards set by the board and medical organizations.

8.—Rates are among the lowest in the state for comparable services.

9.—Your hospital is operated as a public service and not as a money making institution.

TAHOE BRIEFS

(Continued from Page 3)

Mrs. Ed Folsom. The group as members of the Reno Chapter of the Navy League then went to Fallon where they were guests of the Fallon Navy League at the Naval Air Station.

Harry is president of the Reno Chapter and Dr. Reed is vice president.

Wonderful trip and wonderful time was the consensus of opinion.

Henry and Midge Smith of Kings Beach have returned home to the bay area where they visited relatives and friends.

Henry and fisherman friends went fishing off the Farralones where he caught a 20-pound salmon. The salmon was enjoyed by the San Francisco orphanage to which he donated his catch.

The Smiths are closing business for the winter leaving son to caretake, and will open a new steam cleaning business in the bay area for the winter.

Carl and Mary Dyer of Brockway spent three weeks in the Pacific Northwest. The big storm caught them in Oregon and according to their reports the Tahoe storm was mild. Electricity was off several days and living conditions turned back a 100 years—remember the experience Tahoe had a couple of years ago without electricity during the forest fire—which did not make vacationing. From Oregon went to San Francisco for a visit with relatives before returning home.

Women's Society of Christian Service circle met at the home of Fay Dean in Kings Beach on Monday evening. Main business of the Circle was its naming which was chosen by those present and will be called Lydia Circle.

Bethel Van Tassel gave a report on the United Nations. Also present were Arlene Reynolds, V. Ann Mandeville, Eda Judy, Pearl Draney, Mary Mandeville, Mrs. Lottie Evans, and the hostess. Next meeting will be December 3, 7:30, at the Incline Beach home of Pearl Draney.

Mrs. Lottie Evans of Riverside was a guest several days last week of her daughter and family, V. Ann and J. J. Mandeville, Jr. and children, Reese, Robin and Scotty at Kings Beach.

John and Jerri Rayburn of Incline Beach and Tom and Theresa Sutton of Kings Beach enjoyed last weekend at the Toll Ranch in Nevada.

VFW Auxiliary Thursday night at the home of Bea Snell at Kings Beach. Plans were made for the Christmas stockings for the children at Weaver. The annual bingo party given by the VFW Auxiliary at the Veterans Hospital in Reno will be held on November 29. The local group plan to attend. Also discussed was a bake sale which is being planned for December 22.

Present at the meeting Louise Walter, Gladys McClellan, Esther Horstman, the hostess, Bea Snell, and a string of pearls—Pearl Martin, Pearl Sigg and Pearl Draney.

Who is busier than the WSCS? Wednesday the group met at Inline Beach home of Pearl Draney and plans were made for the winter card parties that proved so successful last year. The first card party will be December 10, Monday noon, for luncheon followed by one's favorite game. These parties are open to the public and only requirement is to phone and say a reservation is requested. Prizes will be awarded.

Planning the event were Ruth Mizner, Eda Judy, Fran Thompkins, Louise Anderson, Louise Walter, Adeline Gunkel and the hostess, Pearl Draney.

Earl and Peg Nelson have moved from their old location across from the post office to Brook Street. Say it is the only way to move—house and all were moved to the new lot.

Barbara Kammerer of Reno spent Tuesday with her mother, Beverly Newell in Kings Beach.

Joe and Anne Dolce of Kings Beach have gone to Palm Springs for the winter. Anne will return in the spring but Joe will find another occupation as due to heart condition cannot return to Tahoe. Good luck, Dolces.

Ella Rae Fulton of Kings Beach entertained members of the WSCS at luncheon Monday. Reports were completed and final arrangements for the Chinese dinner to be held Friday night at the Fireside Room of the Kings Beach Methodist Church were made.

The tables were attractively decorated in keeping with Thanksgiving and fall colored leaves in various arrangements complemented the luncheon.

Luncheon guests were Adeline Gunkel, Bethel Van Tassel, Eda Judy, Fran Thompkins, Pearl Draney, Fay Dean and daughter, Lori, Clara Van Hooser, Louise Walter and Helen Leon.

Happy birthday to Linda and John Adams of Kings Beach who celebrated their 13th and 16th birthdays with dinner at the Polynesian Room at Harvey's Wagon Wheel with their parents, Mr. and Mrs. Frank Adams and guests, Mr. and Mrs. George Farrell.

The Adams family were residents of the south shore for 12 years before moving to Kings Beach. Adams was former manager of Inks Market at Tahoe Valley.

After a busy summer, the Adams are continuing to welcome friends old and new to their new home.

Operating their own business The Lodge in Kings Beach after leasing it for several years, are Virginia Davis and sister, Mary, and Mary's husband, Harold Maxheimer. Virginia has been a Kings Beach resident for the past four years and the Maxheimers were former residents of Tarzana, have four children, Taber, Michael, Susan and Jeffry. Mary and Virginia also have their parents residing here, Lester and Ina Davis.

Plans are to remain open all winter.

Bill and Betty Tanner of Tahoe City have welcomed their son, Tom, home from Germany. The Tanners were former residents of Kings Beach.

Sophie Levra of Kings Beach has returned home from St. Mary's Hospital in Reno where she has been confined the past few weeks after a serious accident in her car. Will be at home to friends.

Visitors to Joe and Ella Rae Fulton at Kings Beach last weekend were Joe's daughter and family, Marjorie and Keith Wilson and children, Kay, Eathon and Maurine of Sunland.

Howard and Jean Vaughn of Reno were weekend guests of Lyle and Adeline Gunkel at Tahoe Vista. The Vaughns were former residents of Kings Beach.

Theresa Denton of Kings Beach is home from Los Angeles and ear surgery. Is recuperating nicely and back to work again.

Carol Harris of Yuba City was a guest of sister and husband, Pearl and Ted Draney at Incline Beach. Carol was returning from Oklahoma City where she visited sister, Mrs. Ferol Coley and Fulton, Missouri, where she visited parents, Mr. and Mrs. W. F. Truitt.

Mr. and Mrs. Chris Beyeler of Monterey Park have been guests at the home of their daughter and family, Ruth and Ron West for a week's vacation.

Thanksgiving guests of Ron and Ruth will be Ruth's sister and family. Marilyn and Jack Boatman and children, Wendy, Terry, Jeff and Craig.

Jim Boatman, Marilyn and Jack's other son, is living with the Wests in order to finish high school at Truckee where he will graduate next June.

Congratulations to Ruth and Ron on moving into their new home.

Happy birthday, though belated, to Arnie Salinas, Kings Beach.

The prayer group, which includes seven churches plus individual Christians of the community, will be meeting for the fourth consecutive month. All people interested are invited. Telephone any church for directions to the meeting place.

Churches participating are: St. Nicholas Episcopal and First Baptist of Tahoe City; Seventh Day Adventist and the Methodist Church of Kings Beach; the United Church of Christ, Squaw Valley; Sierra Bible Chapel and the Methodist Church of Truckee.

CHRISTIAN SCIENCE HOLIDAY SERVICES

A special Thanksgiving Day service, traditional in Christian Science churches all over the world will be held this area by Truckee group of Christian Scientists, Wyethia Club House, Riverside Drive at 11 a. m. Everyone is welcome and no collections will be taken.

Hymns, prayer, and a specially prepared Bible lesson-sermon are all a part of the service, with a period set aside for spontaneous expressions of gratitude by church members in the congregation.

Thanksgiving proclamations by the president and/or the governor will be read as part of the service by the first reader.

VITAL ISSUES UNDER CHAMBER DISCUSSION

KINGS BEACH — Don Beck, president of the Lake Tahoe-Sierra Chamber of Commerce, announced that the board of directors of that group would meet today in regular session at the Lodge Restaurant in Kings Beach. Beck said the meeting would convene at 12 noon for a no host luncheon and that the meeting would be open to members of the chamber or interested individuals.

According to Beck there are several vital issues before the chamber at this time. He emphasized the need for a determined stand by chamber directors to meet serious outside threats to local as well as area-wide programs. "Influence from other areas," Beck said, "are attempting to divert business from the north Sierra and Placer County regions. We intend to do everything possible, at a chamber level to counter these threats" Beck continued, "and the most potent civic force for this job is the chamber of commerce."
